

**NOTICE OF ELECTRONIC DISSEMINATION OF OPINIONS  
UNITED STATES BANKRUPTCY COURT  
NORTHERN DISTRICT OF MISSISSIPPI**

The United States Bankruptcy Court for the Northern District of Mississippi is pleased to announce the electronic dissemination of judicial opinions which are designated and authorized for publication.

These electronic disseminated opinions are available at no charge on our web site at <http://www.msnb.uscourts.gov>. Click on the Opinions section of this web site and you will be presented with a list of opinions designated and authorized for publication in the year 2000. You may click on any listing to view the text of the opinion.

The availability of opinions in this electronic format replaces the former practice of providing hard copies of opinions to publishing companies or services. If there is an opinion of which you are aware which does not appear in our list, please contact our automation staff at (662)369-1065 and if the opinion is designated and authorized for publication, we will be glad to have the opinion placed on our website.

We are pleased to provide this new service to all interested parties, publishing companies and services. We believe that this new method of disseminating opinions which the court designates and authorizes for publication will make such opinions available expeditiously and conveniently.

If there are any questions regarding this service, please contact the automation staff at (662)369-1065.

Thank you.
